

# STOCK TRAILER RANGE

## ECONOMY

Our Economy range is for general household use where there isn't a need for large weight carrying capacity. It is light, easy to move and ideally suited for small cars that do not have a large towing capacity. It has a fixed front and drop down rear, tie rails on the sides. For a higher towing capacity see our Economy Plus range.

- Chassis 50x50x3 ANGLE
- Drawbar 50x50x6 ANGLE
- 1.6 steel sides and floor
- Sides 250mm high
- Tie rails on sides only
- 3 leaf slipper springs
- Rear drop down tailgate
- Std 50mm ball coupling
- 39mm round axle
- Second hand wheels & tyres
- Load rating 499 Kg

Standard sizes :	5 x 3
Economy :	6 x 4
	7 x 4

## ECONOMY PLUS

Our Economy Plus range is for general household use where a trailer rating of 750 Kg is needed. It is still relatively light and easy to move and can be towed by many small cars. It has a fixed front and drop down rear, tie rails all round. For a stronger and tougher trailer see our Heavy Duty range.

- Chassis 50x50x3 ANGLE
- Drawbar 75x50 RHS
- 1.6 steel sides and floor
- Sides 300mm high
- Tie rails all round
- Spare wheel bracket (no spare)
- 5 leaf slipper springs
- Rear drop down tailgate
- Std 50mm ball coupling
- 39mm round axle
- Second hand wheels & tyres
- Load rating 749 Kg

Standard sizes :	5 x 3
Economy Plus :	6 x 4
	7 x 4
	7 x 5

## HEAVY DUTY

Our Heavy Duty range is for both domestic and commercial use with a trailer rating of 750 Kg. It is very strong, well reinforced and manufactured with quality in mind. It has a drop down front and rear, tie rails all round, chequerplate floor and side protection bars. For a carrying capacity of over 750 Kg see our Heavy Duty Plus range.

- Outer chassis 50x50x2.5 RHS
- Crossmembers 50x25x2 RHS
- Drawbar 75x50 RHS
- 1.6 steel sides, c/plate floor
- Sides 300mm high
- Heavy duty bevelled mudguards
- Protection bars all round
- 50x50 RHS corner supports
- Suits "drop in" cage system
- Heavy duty tie rails all round
- Spare wheel bracket (no spare)
- 5 leaf slipper springs
- Front&rear drop down tailgates
- Std 50mm ball coupling
- 39mm round axle
- Second hand wheels & tyres
- Load rating 749 Kg

Standard sizes :	6 x 4	8 x 5 (single axle)
Heavy Duty	7 x 4	8 x 5 (tandem)
Heavy Duty Plus	7 x 5	

## HEAVY DUTY PLUS

Our Heavy Duty Plus range is designed for commercial use where a rating of over 750 Kg is needed. It is strong, well reinforced and manufactured with quality in mind. It has a drop front & rear, tie rails, c/plate floor side protection bars and hydraulic brakes. These trailers can be rated to 1250 Kg by changing to higher rated wheels.

- Outer chassis 50x50x2.5 RHS
- Crossmembers 50x25x2 RHS
- Drawbar 75x50 RHS
- 1.6 steel sides, c/plate floor
- Sides 300mm high
- Heavy duty bevelled mudguards
- Protection bars all round
- 50x50 RHS corner supports
- Suits "drop in" cage system
- Heavy duty tie rails all round
- Spare wheel bracket (no spare)
- 8 leaf slipper springs
- Front & rear drop down tailgates
- Hydraulic brakes
- Override 50mm ball coupling
- 45mm square axle
- Second hand wheels & tyres
- Load rating 1100 Kg (1990 Kg on tandem)

## ADD THESE EXTRAS (economy plus, heavy duty or heavy duty plus only)

- Brakes (Hydraulic/Mechanical/Electric)
- Polyblock coupling
- 8" Jockey wheel
- Change to Galv chassis and Zinc body
- Upgrade to off road suspension
- Add cages or H bars
