15oz proof cotton

**Weight** 6.5Kg  
**Mattress type**  
Cotton top / Poly base  
High Density Foam

## ANNEXES, AWNINGS & WALLS

Our major manufacturers manufacture awnings, walls or full annexes to suit all types of caravans and camper trailers. Create more living space and comfort with these additions. Roll Out Awning Walls to suit caravans which have Roll Out Awnings fitted. Biway or Traveller Annexes for vans which don't. Bag Awnings for shade on Pop Up Campers with walls available if needed. Bed End Flies to keep your camper beds cooler in the heat. Plenty of wall patterns and colours available to make them all look great.

### Roll Out Awning Walls

Change your Roll Out Awning into another room. Just add some walls, sit back and relax. Our walls come standard with door, a large window and draught skirt under the van. Three models available:

**STANDARD:** sits under the roof skin with 2 poles slid into pockets. End walls slide into rope track on van. Long wall straps around legs of roll out awning.

**DELUXE:** as per standard but end walls attach with special "Anti Flap Kit" which clamps to the roof skin to stop wind flap and allows end walls to slide into track making for a better seal.

**SUPERDELUXE:** comes complete with Anti Flap Kit, long wall wraps around poles instead of straps, improved pvc sealing flap for pop top vans, draught skirt velcros onto walls and end walls have removable rope track for easier erecting.

## Bag Awning

Keep your cool with a Sar Major Bag Awning. Easy to erect and take down. Stores conveniently in it's own bag. Stays attached to the outside of your unit even while travelling. Comes with touch tape around to take walls if needed. Turn your extra shade into more living space.

## Bag Awn. Walls

Walls to attach around your Bag Awning. Easy to attach and gain more privacy. Comes standard with a door and large window, also draught skirt to seal under the van. Extra windows or doors are optional. Top quality striped canvas is used and is available in many patterns and colours.

## Bed End Flys

For Pop Up style campers where the beds slide out, you can add some Bed End Flys to combat the elements. By shading the sun from your canvas you can lessen the inside temperature dramatically. Two types available. The Standard, where you slide them off and store in your van or Bag Type where they zip into their own bag and stay attached even while travelling.

## PAKKA BAG (Roof Rack Bag)

Keep your gear dry and make for easy packing with a Sar Major Pakka Bag. Sizes made to suit most roof racks, or custom made to your requirements. Choice of colours available.

### FEATURES

- Made from 15oz proofed canvas
- Heavy duty zip with cover flap for easy access
- Adjustable tie down straps with snaplock buckles
- Easy to fit and use

## MAXISHADE AWNING

Instant shade, sun protection in seconds. A quick and easy shade, stored ready for use in it's own built in bag.

### FEATURES

- Made from durable and strong PVC
- Heavy duty webbing guy ropes
- Built in aluminium poles
- All folds up and stores in its own bag
- Bolts to any roof rack or surf bars
- 2 sizes available to suit most needs

## HOIST COVERS

SHADE AND RAIN PROTECTION FOR  
YOUR CLOTHES ALL YEAR ROUND  
TRY ONE OF OUR GREAT HOIST COVERS

### CANVAS HOIST COVER

The Sar Major Original Hoist Cover has been made for 40 years. It sits on your Hills Hoist and ties to the outside line. Available in striped or plain canvas, in Budget or Deluxe styles, we have a model to suit everyone. See us for a price today.

### PVC HOIST SHADE

For the latest innovation in backyard shade and weather protection, try the new Sar Major Hoistshade. With four high tension webbing straps it has that tight umbrella style appearance to give you summer and winter protection. Available to suit all Hills brand hoists.

Please note that although these shades can be used all year round, they are not designed for high wind or storm conditions and must be taken down when these conditions occur.

## CANVAS CARE INSTRUCTIONS

- AFTER USE REMOVE ANY DIRT OR ORGANIC SUBSTANCE SUCH AS LEAVES, BIRD DROPPINGS ETC. WITH A SOFT BRUSH AND CLEAN WATER.
- ONCE CLEANED ENSURE THE PRODUCT IS COMPLETELY DRY PRIOR TO STORING AWAY IN A DRY PLACE.
- DO NOT CLEAN THE CANVAS WITH SOAP, DETERGENT, PETROL OR ANY OTHER CHEMICAL COMPOUNDS. NO INSECTICIDES SHOULD BE SPRAYED ON OR NEAR THE CANVAS. ANY OF THE ABOVE ACTIONS CAN RESULT IN LOSS OF BOTH COLOUR AND WATERPROOFNESS OF THE CANVAS.
- IF MILDEW SPOTS APPEAR, USE A SOFT BRUSH TO TRY AND REMOVE THEM. IF THIS FAILS PROPRIETARY MILDEW REMOVERS AND WATERPROOFING COMPOUNDS ARE AVAILABLE FROM MOST CANVAS FABRICATORS AND CAMPING STORES, ALWAYS TRY ALL CLEANING METHODS FIRSTLY ON EITHER A SCRAP PIECE OR ON AN INCONSPICUOUS PART OF YOUR PRODUCT. IF STILL IN DOUBT SEEK PROFESSIONAL ADVICE.
- ALL STITCHING WILL LEAK PRIOR TO THE SWELLING OF THE THREAD AND SURROUNDING CANVAS. THEREFORE AN INITIAL "WET DOWN" BEFORE USE IS RECOMMENDED TO ENSURE WATERPROOFNESS.
- DURING PERSISTENT RAIN ZIPPER SEAMS AND OTHER JOINS MAY OCCASIONALLY LEAK, THIS CAN BE ALLEVIATED BY USING A PROPRIETARY LIQUID SEAM SEALER.
- CANVAS WILL TEAR AND BURN SO CARE SHOULD BE TAKEN WITH USAGE.
